

# Our Daily Bread Christian Healthcare, Lifestyle Center, & Campground

Through exposure to nature we hope to create a sense of wonderment in these young minds. Nature, without the intrusion of artificial stimulations such as television and video games, provides an environment for learning that surpasses all others. Nature will captivate these young minds...from listening to the chorus of singing birds to seeing a surprised deer running through the woods.

## Map

## **Kiddie Nature Day**

Designed to provide children of all ages, exposure to nature.

### **Nature Hike**

Dress appropriately, we will have short walk up in the big woods, identifying trees and plants, and various animal's nests such as birds nests, groundhogs hole, squirrel and chipmunks home.

### **Wagon Ride**

Wagon ride will be on the property's main trails, right along the perimeter of the woods. Children will enjoy this fun ride which will include stops to explore interesting scenes of nature.

### **Lunch**

Bring own sack lunch.

### **Time**

Call to schedule time and date for your group. Must have 6 or more.

### **Cost**

\$4/child and free for parents and children 2 years and under.

Kiddie nature day is about 2 hours of structured activities including story time or craft, hike, & lunch by campfire. Families/groups are invited to stay and visit the playground or do more exploring.

## **Canoe River Trip**
